

FAIRVIEW SOCCER ASSOCIATION

HEAT ACADEMY

Spring 2010

The Heat Academy is a developmental program that offers a higher level of instruction and competition to players that would like to have success beyond the recreational level. The program teaches the necessary techniques and skills required to play competitive or school soccer. It offers players the opportunity to improve their individual skills, develop as team players and continue to grow their passion for the game.

The Academy is open to all U6-U18 players.

U6-U7: FEE - \$100. (players born 8/1/02-7/31/04)

Players will be placed on rec teams and will have 1 academy practice per week in addition to their rec team practice and 4-6 games in addition to their rec team games. The fee will also include an academy uniform once a year (same uniform is used from fall to spring) and a participation award. Games will be played in Fairview and surrounding areas.

U8 & above: FEE - \$150. (players born on or before 7/31/02)

Player evaluations will be held in January. Depending on skill level and numbers, players will be placed on an academy team or a rec team. Players placed on a rec team will attend academy training in addition to their rec team practices - guest player opportunities will also be available.

The fee includes 2 practices per week with licensed coach/trainer, 8 games, uniform once a year (same uniform is used from fall to spring), participation award, snack & drink after home games. Games will be played in Fairview and surrounding areas.

Additional fees may be required depending on team decisions that would increase team costs.

Heat Academy fees can be paid in 2 payments for early registrants - half due with the registration form, the other half due by January 15. Assistance is also available if needed for fees...check out the Fee Assistance link at fairviewsoccer.com for details.

Forms are available at the rec center or at fairviewsoccer.com. For questions, please contact Laurie Crist at 615-719-8893 or email at fairviewsoccer@yahoo.com.
